ANUUAL QUALITY ASSURANCE REPORT
ACADEMIC YEAR- 2022-23

7.2 BEST PRACTICE- 1st

Title of the Best practice: Blood Donation and Covid Booster Dose Camp.

Goal: The NSS Department of the college organized Blood Donation and Covid Booster Camp in this Academic year on dated 12/09/2022 with the goal to provide blood to the blood bank which will be used for the needy patients and also to protect the people from Covid disease by injecting Covid Booster dose. To keep the people healthy, physically and emotionally strong is the aim behind this practice.

1. To provide the blood bottles to the Blood Bank.
2. To help the needy patients in the form of blood.
3. To protect the people from the infectious disease as Corona Covid by giving them Covid Booster Dose.
4. To motivate the students to come forward for the help of the patients.
5. To contribute to the society.

Context:

Availability of the blood in the Blood Bank is the most significant issue. Due to unavailability of the blood the patient's life is in danger. Therefore, the supply of the bottles of the blood of different blood group is indispensable. To keep this point in mind

the NSS department of the college came forward to supply the bottles of the blood of different blood group to the blood bank. The whole world was affected with the Corona Covid-19 disease. So, in order to prevent the danger occurs through the corona disease, vaccination is significant. Government gave vaccination to the people. But, Booster dose is also important. So, the NSS Department of the college came forward to organize the Blood Donation and Booster Dose Camp.

The Practice:

The NSS Department of the college organized the Blood Donation and Booster Dose Camp in the college on dated 12/09/2022. The programme was chaired by Dr. S. K. Khangar, Principal of the college. For conducting the whole process of taking the blood from the people/students and giving the booster dose to the people/students the team of Doctors of District General Hospital, Gadchiroli and other teams had arrived. In this camp 9 students donated the blood. 43 students had taken booster dose of Covid. To make this programme successful NSS Programme Officer Prof. Dipak V. Tayade and Co-Programme Officer Prof. Hitesh Charde along with the students had taken efforts. The staff of the college was also present in this camp.

Evidence of Success:

- The team of the doctors and other personnel had arrived for completing the process.
- 9 students donated the blood.
- 43 students had taken booster dose of Covid.
- The students and the staff of the college prominently were present in this camp.
- The students got motivated for the help of the patients.

Problems encountered:

- To collect the people on the large scale to donate the blood and to take the booster dose.
